

OUR REFERENCE MARKETS.

FOCUS. EXPERTISE. REGIONAL PRESENCE.

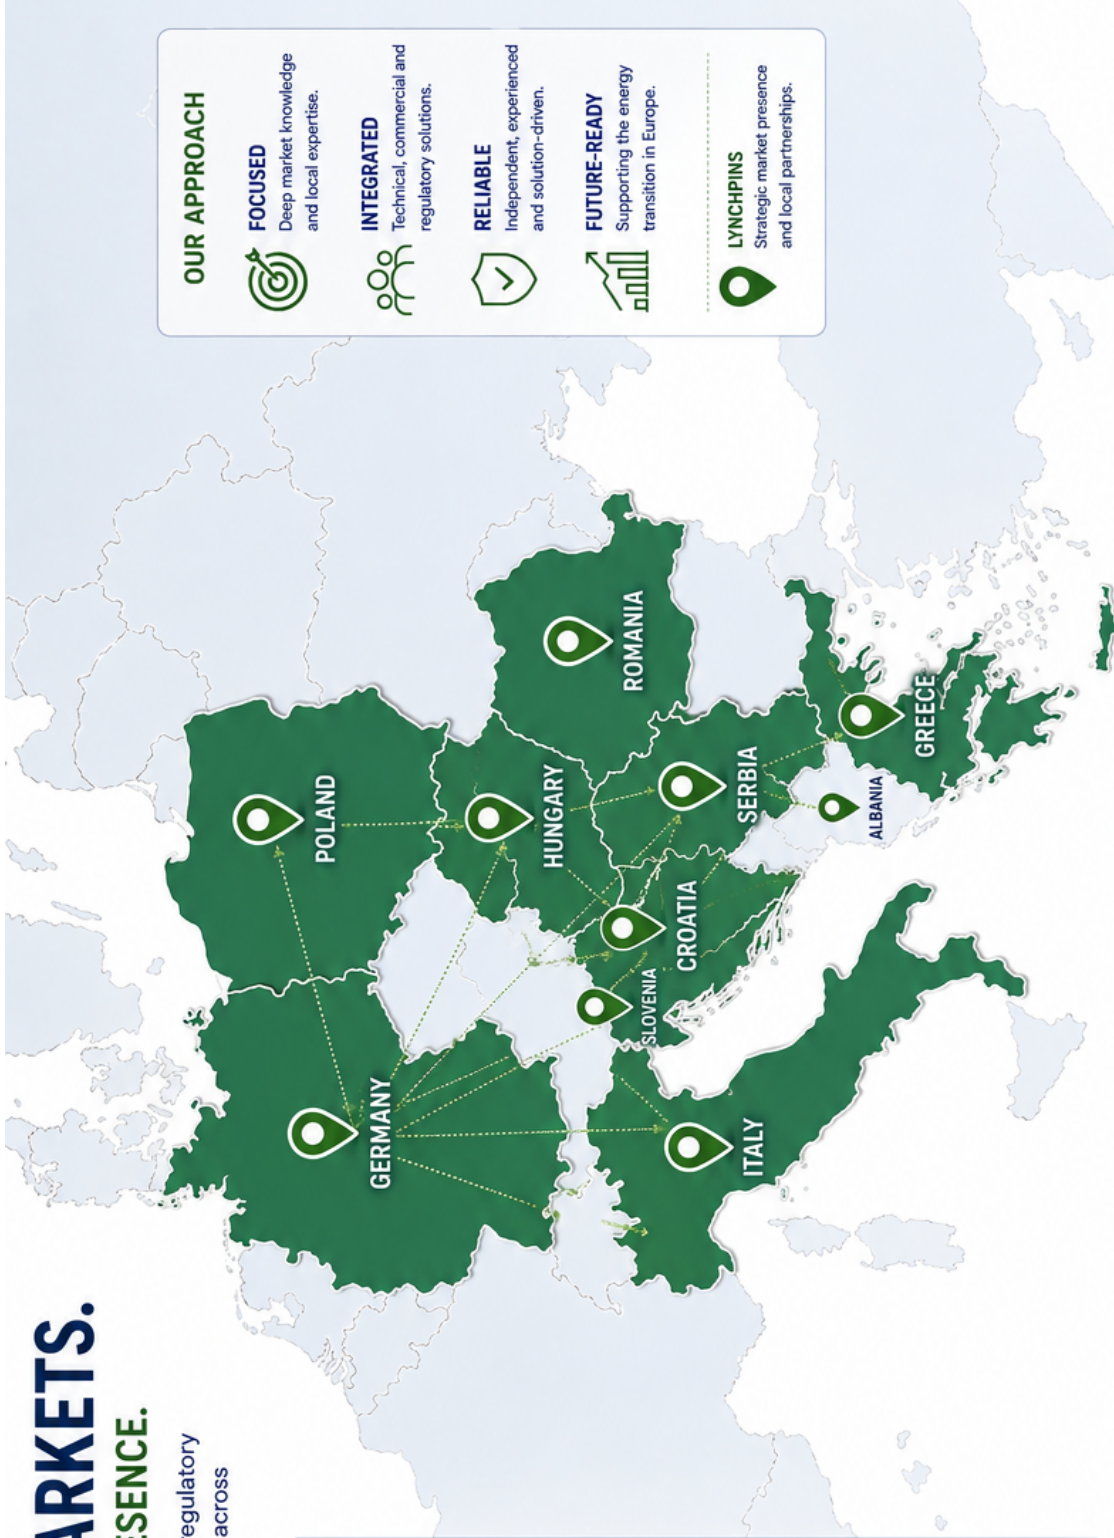

We deliver and coordinate technical, commercial and regulatory solutions for large-scale energy infrastructure projects across our key European markets.

OUR CORE MARKETS

- 
GERMANY
 Capacity markets, grid stability, BESS, WtE, hydropower and industrial decarbonization.
 
- 
ITALY
 Storage integration, renewable hybrid projects, capacity mechanisms and energy flexibility.
 
- 
POLAND
 BESS, capacity market participation and power system flexibility.
 
- 
CROATIA
 Hydropower, energy storage and grid development projects.
 
- 
ROMANIA
 Energy storage, renewable integration and infrastructure modernization.
 
- 
HUNGARY
 Grid flexibility, storage solutions and regional interconnection projects.
 
- 
SLOVENIA
 Hydropower, storage solutions and cross-border energy projects.
 
- 
SERBIA
 Energy storage, grid modernization and renewable integration.
 
- 
ALBANIA
 Hydropower development and energy infrastructure projects.
 

OUR APPROACH

- 
FOCUSED
 Deep market knowledge and local expertise.
- 
INTEGRATED
 Technical, commercial and regulatory solutions.
- 
RELIABLE
 Independent, experienced and solution-driven.
- 
FUTURE-READY
 Supporting the energy transition in Europe.
- 
LYNCHPINS
 Strategic market presence and local partnerships.

WHAT WE DELIVER ACROSS OUR MARKETS

- 
WASTE-TO-ENERGY & BIOGAS
 Technical, commercial and operational concepts for WtE and biogas projects.
- 
DECARBONIZATION
 Industrial decarbonization, RDF/SRF integration and circular economy solutions.
- 
GRID & INFRASTRUCTURE
 Grid connection, high-voltage solutions and infrastructure development.
- 
REGULATORY & MARKETS
 Market analysis, regulatory support and capacity market strategy.

HYDROPOWER

Feasibility, upgrades, co-location and long-term asset optimization for hydro plants.

ENERGY STORAGE

BESS concepts, grid integration, black-start capability and market participation.

PROVEN TRACK RECORD
 Delivering complex projects across Europe.

STRONG PARTNERSHIPS
 Working with leading OEMs, TSOs and project partners.

REGIONAL PRESENCE
 Local expertise with a pan-European perspective.

COMMITTED TO EXCELLENCE
 Quality, safety and sustainability in everything we do.
